OPEN ARTISTS

East Finchley Open Artists group sponsor new lighting to Phoenix Cinema gallery.

As our chosen charity of the year 2019 we are supporting the Phoenix Cinema with their #phoenixrising campaign.

We regularly put on exhibitions of our members artwork in the cinema gallery. In cooperation with the Phoenix Cinema we are fundraising for major improvements to the lighting and hanging of artwork on the gallery wall. The new lighting will transform the display of artwork, enhancing exhibitions to the benefit of exhibitors and cinema visitors.

A preliminary scheme has been produced by a lighting manufacturer using the latest high efficiency LED lighting which will give a uniform light level for art exhibitions. EFOA will also be investigating a new hanging system to improve the process of mounting a display.

EFOA members have kick-started the process by donating £500 from commission received from our group sales held during the year. We realise this fundraising may take a year or two to obtain the necessary finance for the scheme which will cost in the region of £2,500.

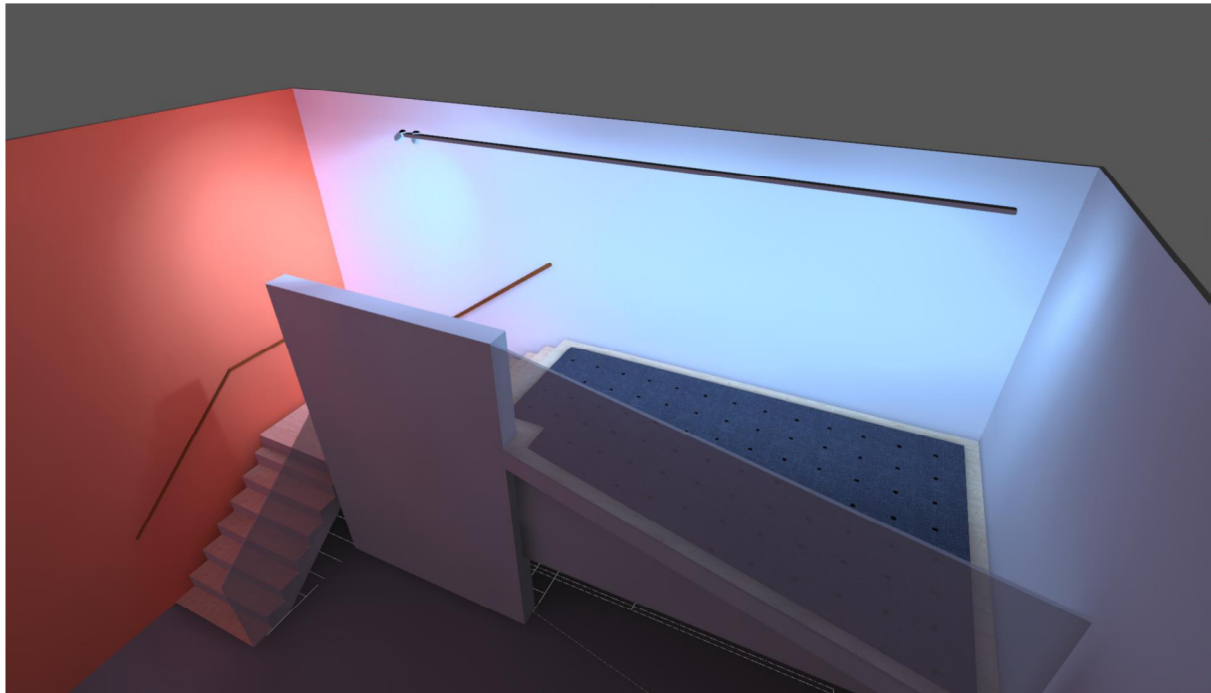

We are asking all friends of East Finchley Open Artists and Phoenix Cinema patrons to support this project with us. We also expect all artists who exhibit at the cinema throughout the year to contribute to the lighting fund.

- We welcome all donations, for example £10 will go towards the new picture hanging system £90 will sponsor a section of lighting track and £180 for a light fitting. All sponsors will be acknowledged on our website.
- You can donate to EFOA bank account
